## News Release

FOR IMMEDIATE RELEASE

### **JUSTWOODWORKINGTOOLS.COM LAUNCHES FIRST 100% WOODWORKING CLASSIFIED WEBSITE**

March 9th, 2009 – CORNWALL, ON – Just Web Biz launches [www.justwoodworkingtools.com](http://www.justwoodworkingtools.com) the only classified website 100% dedicated to buying, selling and trading woodworking tools.

Graham Wray of Wrayco Sales and Mark Owen of Triton Tools, two industry veterans have teamed up to develop the woodworking industry's first and only 100% dedicated woodworking tools classified website. Users can sign up and buy, sell or trade their used woodworking tools online. The site is intuitive and easy to use allowing the user to write their classified offering, insert an image and post the ad online in a matter of minutes. The ad space the Just user secures is their space for the duration of the ad. If you sell your listing edit the ad space to reflect the next tool in the shed and sell that one too! No charge! Basic listings are free with more sophisticated adverts costing a small fee.

Justwoodworkingtools.com is destined to become a favourite site for woodworkers. In the near future we are planning a new and used tool forum, training videos from the industry's most respected personalities and links to useful woodworking resources.

Traditionally woodworkers would have to go to EBay, Kijiji or their local classified to buy, sell or trade their used tools. Using these resources can sometimes yield results but it is a "needle in a haystack" approach. [www.justwoodworkingtools.com](http://www.justwoodworkingtools.com) has created a focused community of woodworkers all interested in buying, selling or trading woodworking tools. Surf and view cool woodworking tools from around the corner or across Canada.

- 100% dedicated to buying, selling and trading woodworking tools.
- You own your ad space; if your tool sells before the listing time expires, sell another at no charge. You own the space.
- Free basic classified listings.
- Woodworker's resources; e.g. Videos, forums, new tools, sellers.
- Very focused buyers and sellers allows for quicker sale or trade of your tools.

For more information please go to the Just website at [www.justwoodworkingtools.com](http://www.justwoodworkingtools.com) or contact [mark@justwoodworkingtools.com](mailto:mark@justwoodworkingtools.com) . Telephone 1 613 936 9040.
