Milwaukee Introduces New M12 HACKZALL™ Reciprocating Saw

MILWAUKEE, WI – Milwaukee Electric Tool Corporation introduces a new industry first – the M12 HACKZALL™ Reciprocating Saw, a compact, lightweight saw designed for powerful, versatile cutting in tight spaces for virtually all tradesman as they tackle plumbing, electrical, remodeling and HVAC applications.

Featuring a 12V LITHIUM-ION battery, the HACKZALL cuts over 80 pieces of 1½” PVC on a single charge. The 2420-22 delivers a ½” stroke 3,000 times per minute for a smooth yet aggressive cut, and utilizes a keyless QUIK-LOK™ blade clamp to ensure quick and easy blade changes.

The lightweight design offers less user fatigue as well as one-handed operation. Compact design makes it easier for users to access tight spaces or awkward angles. The HACKZALL features a variable speed trigger that provides increased user control and all-metal gear case and gears that live up to Milwaukee’s legendary durability. Additional features include a Built-in LED Light and Battery Fuel Gauge that displays the remaining run-time. Backed by Milwaukee’s 5-year tool warranty and 2-year battery warranty, the 2420-22 comes with two 12V LITHIUM-ION batteries, 30-minute charger, 2 HACKZALL blades and carrying case.

Key Features

- 12V LITHIUM-ION battery offers longer run-time and fade-free performance
- Keyless QUIK-LOK blade clamp allows for quick and easy blade changes
- All-metal gear case for added durability
- Variable speed trigger for increased user control
- Battery fuel gauge displays remaining run-time
- Accepts both HACKZALL and SAWZALL® style blades (See below for listing of HACKZALL blades)
- Built-In LED Light illuminates work surface
