Milwaukee Introduces New M18 1/4" Hex Compact Impact Driver

MILWAUKEE, WI – Milwaukee Electric Tool Corporation introduces the new M18 1/4" Hex Compact Impact Driver that packs power and performance into a compact, lightweight package. The new driver is ideal for a wide range of driving and fastening applications such as electrical work, plumbing work, MRO and facility maintenance.

The 2650-21 features an 18V XC High Capacity LITHIUM-ION battery, and delivers 2,200 RPM with a category leading 1,400 in/lbs. of torque. Additionally, the driver offers 0-3,200 IPM, providing more impacts for increased productivity. A 1/4" Hex quick-change chuck allows for easy bit changes while a variable speed trigger provides increased user control. This product deploys a Milwaukee-designed Impact Mechanism, which increases driving speed and maximizes torque. The Milwaukee 4-Pole Frameless Motor maximizes tool efficiency and increases run-time. The lightweight and compact design minimizes user fatigue and helps users fit into tight places.

Other features include a belt clip that allows for easy portability and a Battery Fuel Gauge, which displays remaining run-time. A Built-in LED Light illuminates the work surface.

Backed by Milwaukee's 5-year tool warranty and 2-year battery warranty, the 2650-21 comes equipped with two 18V Compact LITHIUM-ION batteries, 30-minute charger and carrying case.

Key Features

- 18V XC High Capacity LITHIUM-ION battery delivers longer life and run-time
- 1/4" Hex quick change allows for easy bit changes
- Milwaukee-designed Impact Mechanism provides faster application speed
- Milwaukee 4-Pole Frameless Motor maximizes tool efficiency to increase run-time
- Belt clip allows for easy portability
- On-board Battery Fuel Gauge displays remaining run-time
- Built-in LED Light illuminates work surface
- Variable speed trigger

Specs

- 18V XC High Capacity LITHIUM-ION battery
- RPM: 0-2,200
- IMP: 0-3,200
- Torque: 1400 in/lbs.
- Total Weight: 3.5 lbs.
- Total Length: 5 3/4"
- Charge Time: 30 minutes

The 2650-21 is available as an individual tool or as part of two kits.

Available Combo Kits

- 2691-22 M18 2-Tool Combo Kit includes:
 - o 2601 M18 Compact Driver
 - o 2650 Impact Driver
 - o Two 18V Compact LITHIUM-ION batteries
 - o 30-minute charger
 - o Carrying case
