Milwaukee Introduces New M18 SAWZALL® Reciprocating Saw

MILWAUKEE, WI –Milwaukee Electric Tool Corporation continues to revolutionize the reciprocating saw category with the new M18 SAWZALL® Reciprocating Saw that offers legendary durability and best-in-class performance for electrical, plumbing, HVAC, MRO and fire and rescue work.

Truly an over achiever, this cordless SAWZALL powered by an 18V XC High Capacity LITHIUM-ION battery offers up to 75 more cuts per charge and is designed to cut up to 30 percent faster with less vibration. The 2620-22 features a patented gear-protecting clutch, which absorbs impact and extends the life of the tool. The QUIK-LOK™ blade clamp provides quick and efficient blade changes while the variable speed trigger optimizes speed for different applications. Weighing only 7.9 lbs., the saw is designed for maximum power, operator comfort and convenience, including an On-board Battery Fuel Gauge that displays the remaining run-time.

Backed by Milwaukee's 5-year 2,000-charge warranty, the 2620-22 comes equipped with two 18V XC High Capacity LITHIUM-ION batteries, 1-hour charger and carrying case.

Key Features

- 18V XC High Capacity LITHIUM-ION battery delivers longer life and run-time
- Patented Gear-Protecting Clutch extends the life of the tool
- Lever Action QUIK-LOK™ Blade Clamp
- Battery Fuel Gauge displays remaining run-time
- Built-in LED Light illuminates work surface
- Variable speed trigger
